

SIMULATION IS CHANGING THE WAY THAT HEALTHCARE PROFESSIONALS LEARN, IN ORDER TO IMPROVE PATIENT SAFETY AND OUTCOMES, PROMOTE TEAMWORK AND INCREASE THE EFFECTIVENESS OF HEALTHCARE DELIVERY

Join us in celebrating the inaugural National Healthcare Simulation Week! All Nursing Students, Faculty, and Staff invited!

Treats provided each day! Different activities daily!

Complete your "Passport to Simulation" to win a prize! Have your passport initialed daily and be entered to win!

Monday September 11th – Friday September 15th

3rd floor UAB

Schedule of events:

Monday 4pm – Simulation Uses Technology: Meet the SIM family

- Get a behind the scenes look at all of the technology available in the CCT

Tuesday 5pm – Simulation Promotes Mastery of Skills, Decision Making and Team Work: Bed Making Olympics

- Compete as a team for ultimate bragging rights and a prize!

Wednesday 5pm – Simulation Promotes Safety: What's Unsafe About This House?

- Find the most safety issues to win a prize!

Thursday 5pm – Simulation Promotes Role Development In A Safe Environment: Witness the miracle of a simulated birth!

- See our OB simulation lab in action and wear the pregnancy simulator!

Friday 3pm – Simulation Creates Realistic Circumstances: Moulage

- Moulage is the art of using make up or other special effects to create realistic lifelike substances (injuries, wounds, or fluids). Participate in moulage demonstrations!

Fun! Food! Prizes! Join Us!!
