# ROOM DRAW

## ROOMMATE INTENTION

Every roommate pair or trio must produce this document at Room Draw. If one of your roommates is not able to make it, the other roommate(s) may bring this form in place of the physical person coming to room draw. Reminder: if a senior and junior would like to live together they should plan to come to the senior timeslot.

We would like to room together in the Academic Year of 2024-2025. While we understand that room placements may change, however, we would like to be kept together. My signature below signifies agreeing to room together.
