Campus Hazing Transparency Report

In accordance with the Stop Campus Hazing Act, NDMU publishes a Campus Hazing Transparency Report to provide information about findings of hazing policy violations by established or recognized students organizations. The purpose of this report is to promote accountability, awareness, and informed decision-making across the campus community.

This report will be updated every six months with the latest information for the most recently concluded reporting period. Reports of hazing that do not result in a finding of responsibility are not included. Additionally, no active investigation will appear in the Report unless there is a finding of responsibility.

For additional information on the University's Hazing Policy, you may visit <https://ndm.edu/about-us/consumer-information/>.
